GRAMMAR AND VOCABULARY OF THE LAU LANGUAGE:
SOLOMON ISLANDS

BY

WALTER G. IVENS, M. A., LITT. D.

CARNEGIE INSTITUTION OF WASHINGTON PUBLICATION
NO. 300

PREFACE.

Lau is the name given to the language spoken by the inhabitants of the artificial islets which lie off the northeast coast of Big Malaita, Solomon Islands. The language spoken on the coast from Uru on the northeast to Langalanga, Alite Harbor, on the northwest of Big Malaita, is practically Lau. On the west coast there is considerable admixture of Fiu, which is the language of the bush behind the Langalanga lagoon. In Dr. Codrington's "Melanesian Languages," pp. 39 et seq., certain words are given as spoken at Alite in Langalanga. These words are probably Fiu rather than Lau.

The purest Lau is spoken at Sulufou, one of the artificial islets near Atta Cove. The inhabitants of Ai-lali, on the mainland of Big Malaita opposite the island Aio, are an offshoot of the Lau-speaking peoples. In Port Adam (Malau) on Little Malaita, some 12 miles north of Sa'a, there are two villages, Ramarama and Malede, inhabited by Lau-speaking peoples, and the inhabitants of these villages hold as a tradition that their forefathers migrated from Suraina, near Atta Cove, 80 miles away, along the coast to the north.

The Lau of this grammar and vocabulary was learned from dealings with the Port Adam natives and also from a stay of several weeks with Rev. A. I. Hopkins, at Mangoniia, on the mainland opposite the artificial islet Ferasubua.

It is not claimed that the Lau here presented is the same as the Lau of the northeast coast of Big Malaita. Doubtless owing to the Port Adam peoples being surrounded by Sa'a-speaking peoples, they have adopted Sa'a words and methods of speech to some extent. The women of the hill peoples above Port Adam have largely been procured as wives for the Port Adam men and thus there has been a tendency for the distinctiveness of the Lau language to disappear and for the Sa'a words to be adopted. While this tendency was perhaps not very great previous to the introduction of Christianity (for the village children always follow the language of the father rather than that of the mother), the teachers in the village schools, after Christianity was introduced, necessarily used the Sa'a books and, when translations were eventually made into Lau, words and phrases of Sa'a crept in. So far as lay in the power of the present author, he has endeavored to eliminate these Sa'a elements from the present work.

In the translations made into Lau, some use has been made of the gerundive, following the use in Sa'a; but until we have further evidence of the validity of this usage it must be regarded as not belonging to the genius of the Lau language, and it is therefore omitted here.

It will be seen that Lau is a typical Melanesian language and has few marked peculiarities. In Sa'a there is a distinctive use of the shortened forms of the pronouns of the first and second persons, *au* and *'o*, suffixed to verbs and prepositions as object; in Lau the same shortening is not effected and the longer forms *nau*, *oe*, are used.

It has not been thought proper to represent any break in pronunciation such as occurs in Sa'a in such words, e. g., as *ia* fish, Sa'a *i'e*. Lau shows generally the dropping of such consonants as are dropped in Sa'a, but it is doubtful if the same break occurs in pronunciation.

The books already printed in Lau are:

1. A translation of the English Prayer Book comprising matins and evensong, litany, baptism of adults, certain psalms and hymns, catechism, Holy Communion with Sunday collects.
2. The four Gospels.

The grammar here given is an alteration of the grammar prepared by the present writer, and printed at Norfolk Island by the Mission Press in 1914.

W. G. Ivens. St. Paul's Vicarage, Malvern, Victoria, 1920.

TABLE OF ABBREVIATIONS.

- adj., adjective.
adv., adverb. art., article.
def., definite.
demons., demonstrative.
excl., exclusive (of personal pronouns, excluding the person addressed).
exclam., exclamation.
genit., genitive.
gu, marks a noun as taking the suffixed pronouns *gu*, *mu*, *na*.
incl., inclusive (of personal pronouns, including the person addressed).
interj., interjection. interr., interrogative.
metath., metathesis.
n., noun.
na, marks a noun as taking the suffixed pronoun in the third singular only.
neg., negative.
neut., neuter.
obj., object.
part., particle.
partic., participle.
pers., person, personal.
pl., plural.
poss., possessive.
pr., pronoun.
pref., prefix.
prep., preposition.
S, Sa'a language. See Sa'a and Ulawa dictionary.
sing., singular.
sub., subject.
suff., suffix, suffixed.
term., termination.
tr., transitive.
U, Ulawa language. See Sa'a and Ulawa dictionary.
v., verb.
v.i., verb intransitive, i.e., a verb which can not take the pronoun suffixed.
v.p., verbal particle.
v.tr., verb transitive, i.e., a verb which can take the pronoun suffixed.
voc., vocative.
M.L., Codrington's Melanesian Languages.

Grammar and Vocabulary of the Lau Language: Solomon Islands

LAU GRAMMAR.

THE ALPHABET.

The vowels are a, e, i, o, u, with the Italian sounds. All of these vowels may be long or short, the long sound being represented by a doubling of the vowel. Closed syllables do not occur, and every word ends with a vowel. The vowel o in Lau frequently represents a in Sa'a: *fou* rock, Sa'a *hau*; *finau* hook, Sa'a *hinou*; *loulou* quick, Sa'a *lauleu*. Where in Sa'a a changes to e in certain words after a preceding i or u, no such change is made in Lau in the same words: *ia* fish, Sa'a *i'e*; *ua* still, Sa'a *ue*; *i asi* at sea, Sa'a *i'esi*.

The diphthongs are ae, ai, ao, eu, ei, ou, as in *sae*, *mai*, *rao*, *dau*, *mei*, *fou*, pronounced, respectively, as in the English words eye, iron, hour, how, hey, oh.

The consonants are f, k, g; d, t; b; q, gw; l, r; s; m; mw; n, ng.

The f replaces an h in Sa'a: *fera* village, Sa'a *hera* courtyard; *fuli fera* village, Sa'a *huli* bed, *huli nume* site of house. The sound represented by f often approximates to v.

Both k and g are hard. The Melanesian g is not heard; as in Sa'a, it has been dropped in certain words, *ia* fish, but there is no noticeable break in the pronunciation. In certain other words this g is replaced by k: *take*, to stand. Mota *sage*, Sa'a *ta'e*. The g in Lau may replace a k in Sa'a: *igera* they, Sa'a *ikire*. A g also appears in personal pronoun plural 1, excl., where Sa'a has a break: *igami* we, Sa'a *i'emi*. A g may also replace an h in Sa'a: *luga* to loose, Sa'a *luhe*.

There is no preface of n in the sound of d.

In many words a t has been dropped: *angi* to cry, Oceanic *tangi*; *asi* sea, Oceanic *tasi*; *ola* canoe, Florida *tiola*, Sa'a *'iola*.

There is no w in Lau. Where it occurs in Sa'a its place is supplied in Lau by q, the sound of which is kw or ku: *qalu* eight, Sa'a *walu*. In Lau the island Ulawa is known as Ulaqa. A q in Lau may represent an h in Sa'a: *qai*, the reciprocal prefix, is in Sa'a *hai*. The letter gw may represent a q (pw) in Sa'a: *gwou* head, Sa'a *qau*; *gwini* wet, Sa'a *qini*; *gwou* deserted, Mota *wou*. The sound of d is not followed by r, as is

Grammar and Vocabulary of the Lau Language: Solomon Islands

the case in Sa'a, nor is d before i sounded any way differently, as is the case in Sa'a. Nasal m, i.e., mw, is not so common a sound as it is in Sa'a, but it is heard in *mwane* male, *mwela* child.

There is an interchange between n and l: *nima* or *lima* five; *daluma* middle, Sa'a *danume*; *inala* to discern, Sa'a *ilala*. Both l and r are used and the sounds are distinct; both sounds are trilled.

ARTICLES.

(a) Demonstrative: Singular, *na, si; ta, te, ke; maae; fe.*
Plural, *gi; mwai, ote.*

(b) Personal: *a, ni.*

Na denotes a, any, the, and is put to more general use than the corresponding *nga* in Sa'a; *na* is used with both singular and plural: *na noni* the body; *na sasigamu* your brethren. The conjunction *ma* (=and) coalesces with *na; mana Mwela* and the Son. *Na* is used with the interrogative *taa* what.

2. *Si* is more definite and particular in meaning than *na* and denotes a part, a piece, any; it is more or less equivalent to *me'i* in Sa'a: *si doo ne* the thing; *gamelu ka ania si taa* what are we to eat? *si ere* a firestick; *si doo gu saea na* that which I said; *na* may be prefixed: *na si baea taa ne* what words? *si* can not be used of the plural.

3. *Ta* means a certain one, every, at all, just, only, and is the same as the numeral *ta* one: *ta* may precede the article *fe; ta fe uo* every hill, *ni* may follow *ta: tani aiai* some, other. *ta* may mean only: *ta ro ai* only two people; *ta* may be used with the numerals, *ta ro mwane* two men; *ta ro tangale penny* 200 pence.

Te has practically the same meanings as *ta: te geni sarii* a maiden; *te taifilia* he alone; *te aiai falaete* one person only. *Te* is used of units (as *ata* in Sa'a), *te fiu fe doo* only seven things; *te ai ma te ai* one by one; *too te ai* singly. *Si* may follow both *ta* and *te: ta si fou* a certain rock, *te si na doo* everything; *te* may be used as equivalent to the conjunction and: *te na Mwela* and the Son.

Ke is used as *te: ke si gula iidimani* a small piece; *ro kesi kurui bata* two small pieces of money. *Ke* and *si* may be combined and used with *te: e langi asia na teke si doo* there is nothing at all.

4. *Maae* is compounded of *maa* eye, one, and *e* the construct form, and means one, a; *maae* is used with *fera* country, *dangi* day, *rodo* night, *oru* wind; *maae fera* a village, *maaedangi* a day, *maerodo* darkness.

Grammar and Vocabulary of the Lau Language: Solomon Islands

5. *Qe* is used with certain nouns: *qe afe* a widow, *qe ia* a fish, *qe oru* a widow; *na* may be prefixed: *na qe ia gi* the fishes.

6. *Fe* is used of things spherical in shape and denotes a unit: *fe bread* a loaf, *fe bubulu* a star; also *fe gale bola* a young pigeon, *fe rade* a reed; *fe* is used of one of a series: *fe rodo* a night, *fe asua* a day; *fe* is also used as a multiplicative: *fe fiu ade doo taala* seven cases of wrong-doing; *na or ta or te* may precede.

7. *Gi* denotes plurality and follows the noun: *na mwane gi* the males. It may be separated from the noun: *na doo nia gi* his things; *gi* is used with the forms of the personal pronoun plural except those ending in *lu*.

8. *Mwai* is used with nouns of relationship only: *mwai asi nia* his brethren, *ro mwai sasina* brethren.

9. In Port Adam *ote* seems to be employed as a regular plural article: *ote mwane gi* you men. But it is a question whether *ote* is not properly employed of females only: *ote aia nia* his female relations, *ote sasina* his sisters, *ote ai* you women, *ote ai gi* you women.

10. *A* is used as a personal article with the names of males, both native and foreign: *a Leo*, *a Joe*. It is used also with *doo* thing: *a doo* so and so, *a doo na* the person.

Ni is used as a personal article with the names of females, both native and foreign: *ni Alida*, *ni Mary*. It is used also with certain nouns which denote women, where in Sa'a *nga* or the personal article *a* is used: *ni te nau* my mother, *ni mwaemwane* a man's sister, a woman's brother, *ni aia* female relations, *ni doo* the woman, *ni mwela ne* that woman. *Ni* is not used with *afe* wife, nor with *geni* female; it is not used with the plural.

NOUNS.

1. Nouns to which possessive suffixes may be added:

Certain nouns take the suffixed pronoun denoting the possessor. These are nouns denoting:

a. Parts of the body: *lima* hand, *limagu* my hand, *aba* arm, *abamu* thy arm, *maa* eye, *maamu* thy eye.

b. Position, end, middle, top: *huri* behind, *huri* behind me, *i dalumana* in the midst, *isingana* its end, *i kamena lobo* beside the lake, *i fafona* on top of it.

c. Certain states or doings of men: life, death, speech, custom, goings: *mae* to die, *maela* death, *maelana* his death, *baela* speech, *baelagu* my word.

d. The word *sasi* brother, *sasigu* my brother, my sister. The other words denoting relationship employ the personal pronoun to denote possession.

2. Formation of nouns: Nouns which have a special termination showing them to be nouns substantive are (a) verbal nouns and (b) independent nouns.

a. Verbal nouns are formed from verbs by the terminations *a*, *fa*, *la*, *ta*: *mae* to die, *maea* death or sickness, *maela* death, *bae* to speak, *baea* word, *baela* speech, *fanga* to eat, *fangaa* feast, food, *fangala* food, *mae* to die, *maemaefa* sickness, *nao* to lead, *naofa* first, *naofe mwela* eldest child, also with suffixed pronoun *naofana mwela*; *ta* is seen in the root *afuta* all, which is used only with the suffixed pronoun, *afutagera* all of them, *afutana na ai gi* all the people. The termination *la* has a more or less gerundival force.

Compound nouns may be formed, *girigiri lifoa* gnashing of teeth, *saitama dooa* wisdom.

Where in the vocabulary *fa* and *ta* have a hyphen attached, it is intended to show that they are used only with the suffixed pronoun attached.

Grammar and Vocabulary of the Lau Language: Solomon Islands

There are certain adjectives to which the termination *la* is attached, *diena* good, *dienala* goodness, *baita* big, *baitala* bigness, and *tasa* in excess, *tasala* excess. It is probable, however, that these words are really verbs.

b. Independent nouns: The only termination is *na*, and this is added (1) to certain nouns which express relation ship or kindred; (2) to cardinal numerals to form ordinals. 1. Nouns so formed are always preceded by a prefix which marks reciprocity of relationship or kindred, *mwai*, and by the numeral *ro* two; *sasi* brother, *ro mwai sasina* the two brothers, *te* mother, *ro mwai telana* wife and child.

2. Numerals: *olu* three, *oluna* third.

3. Construct form: To make a construct form the letter *e* is added to the first of two nouns, *toloe fera* hill, *fuli abae ai* men's handwork. When the first member ends in *a* the *ae* sometimes contracts to *e*, *fufue ai* seed, *aqale mwai* ten baskets, but *maae rodo*, a night; also when the first noun ends in *o* the *oe* is contracted to *e*: *abole ai* a log, *abolo* a piece. This *e* may be added to words which have not a distinct noun termination: *naoe gula* the chief place.

4. Genitive relation: The genitive relation of nouns one to another is effected by the use of the propositions *ni* and *i*: *ni* is used mainly in construction: *baea ni sugela* deceitful words, *gwai ni gwaila* anointing oil; *ni* expresses purpose: *si gula ni lea inia* a place for him to go to, *rosuli ni manatai gami* hear us in mercy. In certain words *li* replaces *ni*: *maalimaea* enemy, *maalitafa* a channel in a reef; *i* is used also to denote purpose: *lea i fasifa* came to sell it. Location, which also denotes place whence, is shown by *i*, *geni i Saa*, a Sa'a woman. *Si* is used in certain phrases: *ofu si doo* bundles, *ro tooni si doo* two thousand.

The genitive is frequently omitted *olu teu flour*, three measures of flour, *mumudi fangala* crumbs of food, *mwane Saa*, a Sa'a man, *falisi vine* a vineyard.

The possessive *ana* may be used to denote the genitive: *luma ana foaa* house of prayer, *tala ana fanualama* way of peace. A genitive relation is also shown by the use of the suffixed pronoun of the third person singular or plural in agreement with the idea expressed in the second noun of the pair: *i tolona fera* on the tops of the hills, *gwouda na ai gi* men's heads.

Grammar and Vocabulary of the Lau Language: Solomon Islands

The ordinary personal pronouns are used as possessive in cases where the pronoun can not be suffixed: *afe nau* my wife, *arai nia* her husband.

The instrumental prefix *i* occurs: *kamu* to eat areca nut, *ikamu* a line spatula.

5. Plural: To show plurality *gi* is used, following the noun *na mwane gi* the men. The word *oro*, many, may be attached: *na mwane oro gi* many men, *tani ai oro* many people.

The personal pronoun plural third *gera* is used to mark plurality: *gera fiolo* the hungry, *gera priest da adea urina* the priests acted thus.

Totally and completion are shown by *sui* finished or *sui na*: *afutada sui* they all, *gera lea sui na* they have gone already. To express totality the suffixed pronoun singular third and all persons plural are added to a root *afuta*, formed from *afu* to complete, with *ta* noun termination: *afutanafera* all the land, *afutana nonigu* all my whole body. It is a question whether the numeral *qalu* eight is used like *walu* in Sa'a of an indefinite number, e.g., *qalu fera* all lands; but *te si nafera* seems to be the proper usage.

6. Gender: There is no grammatical gender. The words *mwane* male, *geni* female, are added when the noun does not carry a sex distinction.

7. Nouns of relationship: With the exception of *sasi* brother, sister, nouns of relationship are never used with a suffixed pronoun: *maa nau* my father. The prefix *mwai*, denoting reciprocity of relationship, may precede: *mwai asi nau* brethren. In speaking of pairs of people *ro* is used: *ro mwai sasina* two brothers. The *na* of *sasina*, *telana*, etc., is a noun termination and is not the suffixed pronoun.

The articles *ni* for the singular and *ote* for the plural are used of women: *ni aia* a female relation, *ote geni* women.

The word for father is *maa*; the article *na* may be prefixed: *na maa nau* my father. The Rev. A. I. Hopkins says that *maaka nau* is also commonly used as meaning my father. The word for child is *mwela*, *mwela na ai* So-and-So's son, *mwela nia* his child; *aia* is used for female relations with *ni* as singular article and *ote* as plural: *mwaemwane* sister, *ni mwaemwane* a man's sister.

Grammar and Vocabulary of the Lau Language: Solomon Islands

The adjective *gale* little, is used preceding the noun to describe something young: *ro fe gale bola* two young pigeons. The article used with *te*, mother, is *ni*: *ni te nau* my mother; *ta ro mwai telana nau* my wife and child, *ta ro mwai fungona* two relations-at-law; *ai* person, man, is used as a vocative: *mwela ai* hey, you there! *na ai oe* your people, *ai ni raoa* a servant, *ai tou* the little one, the lesser.

PRONOUNS.

The pronouns may be classified as (A) those used as the subject of a verb; (B) those suffixed to a verb or a preposition as object; (c) those suffixed to nouns substantive and denoting possession.

A. PRONOUNS USED AS THE SUBJECT OF A VERB.

Singular: (1) *inau, naut gu.*
(2) *ioe, oe, o.*
(3) *inia, niat nit e.*

Plural:

Inclusive: (1) *igia, gia; igolu, golu.*
Exclusive: (1) *igami, gami, mi; igamelu, gamelu.*
(2) *igamu, gamu; igamolu, gamolu.*
(3) *igera, gera, da; idalu, dalu.*

Dual:

Inclusive: (1) *igoro, goro.*
Exclusive: (1) *igamere, gamere.*
(2) *igamoro, gamoro.*
(3) *idarot daro.*

1. The longer forms, those with *i*, are used as possessive pronouns when the suffixed pronoun can not be added: *geni inau* my wife.

The forms with *i* are never used by themselves as the subject, but are accompanied by one of the shorter forms: *igera da ada ma da si ada na* they see but do not see. The three longer forms in the singular are of more or less infrequent use. The initial *i* is run on to the preceding vowel in pronunciation.

2. All the forms without *i* are used alone as the subject of the verb. Where there are three forms the second and third are generally used together as subjects: *gami mi langi si saetamana* we do not know; but the short forms *gu, o, mi, mu, da*, may be used alone as subjects: *gu si saea* I do not know. The forms in *lu* are not used as a trial number, but denote a more restricted number of persons.

3. *Nia* is used as meaning, there is, it is: *efita fe bread nia agamolu*, how many loaves have you? It may be used before a proper name as the

Grammar and Vocabulary of the Lau Language: Solomon Islands

equivalent to a genitive: *ana maaedangi nia Abiathar* in the days of Abiathar. When the meaning is, there is, it is, *nia* is preceded by *e*: *na liqa gera enia ada* they have their holes; *ma te ai enia i luma* there is only one person in the house; with *na* demonstrative added: *nia na* that is it, that is so.

4. The form *ni* is seen in *nifai* what? where? It occurs in certain phrases as meaning, it is, there is: *e uta ro si lio ni agamu* how is it ye are of two minds? *na light fuana noni ni maa* the light of the body it is the eye.

5. The plural sign *gi* is used with the forms in the plural but not with those ending in *lu*: *gia gi fi dao na* we have just come.

6. The forms in the plural third *igera* and *gera* are used as equivalent to a plural article: *igera na judea* the Jews.

7. The pronouns of the third person singular and plural may be used of impersonal or inanimate things.

B. PRONOUNS SUFFIXED TO VERBS OR TO PREPOSITIONS AS OBJECT.

Singular: (1) *nau*. (2) *oe*. (3) *a*.

Plural:

Inclusive: (1) *gia*, *golu*.

Exclusive: (1) *gami*, *gamelu*.
(2) *gamu*, *gamolu*.
(3) *gera*, *da*, *dalu*.

Dual:

Inclusive: (1) *goro*.

Exclusive: (1) *gamere*.
(2) *gamoro*.
(3) *daro*.

1. Examples of usage are, *gera saegera sui* they were all summoned, *nia lea fonosia* he went to get it. A second object of the verb always appears in the suffixed pronoun singular and plural third: *gu langi si adasia na ola* I did not see a canoe, *gera gutafigera na mwane gi* they persecuted the men. All prepositions governing nouns have the pronoun suffixed as an anticipatory object in agreement with the

Grammar and Vocabulary of the Lau Language: Solomon Islands

noun: *gera lea fonosia fera* they went to harm the land, *fafia si doo* concerning the matter.

2. The verb *dori* (to wish) has the pronoun suffixed where in Sa'a none would be used: *nia langi si doria gwou ana* he would not drink (it) of it.

3. To *taifili* (alone) the pronouns are suffixed: *te taifilia* he alone, *taifligera* they alone.

C. PRONOUNS SUFFIXED TO NOUNS OR TO VERBAL NOUNS USED AS PREPOSITIONS.

Singular: (1) *gu*. (2) *mu*. (3) *na*.

Plural:

Inclusive: (1) *gia*, *golu*.

Exclusive: (1) *gami*, *gamelu*.
(2) *gamu*, *gamolu*.
(3) *gera*, *da*, *dalu*.

Dual:

Inclusive: (1) *goro*.

Exclusive: (1) *gamere*.
(2) *gamoro*.
(3) *dar*

1. These are the pronouns denoting possession and they are suffixed to a certain class of nouns only, those which denote names of parts of the body, or of family relationship, or of things in close relationship to the possessor. In all other cases possession is denoted by the use of the ordinary personal pronouns.

2. When things and not persons are in question *ni* is used in place of *da* in plural third: *lea alua i fulini* go and put them in their places.

3. Of the plural forms those ending in *lu* denote a restriction in the number of the persons concerned.

4. These pronouns are also suffixed to the preposition *fua* to, used as a dative, to *afuta* all, and to certain other words which show a noun termination but which have no independent existence as nouns: *otofa* concerning, *oofa* approaching to, *enceinte*, *sie*, at the house of (in the

Grammar and Vocabulary of the Lau Language: Solomon Islands

vocabulary all such words are followed by a hyphen); also to *mara* of one's own accord, alone, *te taifilia marana* he alone; also to the verb *too* to hit, *toogu, toona*, hit me, etc.

DEMONSTRATIVE PRONOUNS.

These are *na, ne*, this; *nena, nana, nane*, that.

1. These all follow a noun or a pronoun: *a mwela ne* this person, *nia nana* that is it.
2. *Na* is added after the negative *langi*: *langi na no*, not that; and after *sui* finished: *sui na* that is finished.
3. *Go* an adverb, there, is used as a demonstrative: *tefe doo go ana* only one thing, *inau go agu* I for my part; *ne* may be added, *gone* that, *inia gone* that is so. *Ba* means that, there: *diena ba* good! *bago* is used following a noun or a pronoun: *a doo bago* that person there.

INTERROGATIVE PRONOUNS.

1. The words used are *ati*, who; *taa, tafa*, what. The personal article *a* makes *ati* who, singular, *gerati* plural. Both *ti* and *taa* are nouns. The adverb *ba* may be added to *ati* for the purpose of emphasis: *ati ba* who? *Ti* stands for the name of the person and *ati* means, what is the name? *ati mwane* what man? The demonstrative *ne* may be added for emphasis: *ati ne* who is it then? *Ati* has also an indefinite use: *ati susulia* who knows?
2. With *taa, tafa*, the definite article *si* may be used: *si taa* what, that which, *taa* may follow the noun, *ta si doo taa* what sort of thing? *si doo taa ne* what? The adverb *fai* (where) may be used as an interrogative pronoun: *nifai* which, what?

INDEFINITE PRONOUNS.

The uses of *ta, te*, have been dealt with under "articles." These two words are used as signifying, any, some, other.

The noun *sai* place, thing, has an indefinite use: *sai ai* that which, what, *sai na* that which, *ta sai ai*, one, another (of things), *sai oe* your place, your duty, *tani oto ni sai ai* some people. (The Rev. A. I. Hopkins states in a note that *sai* in Lau is used of food only).

RELATIVE PRONOUNS.

There are no relative pronouns. Their place is supplied by various locutions.

1. By the suffixed pronoun: *inia nane gu bae kekerofana fasi uri* this is he of whom I spoke. The addition of the demonstrative *ne, nena*, serves to make the meaning clearer: *inia nena ai garni mi maasia* he is the person for whom we are waiting.

2. By making use of a coordinate clause: *igami ne too gera ada fuada na* we are the people whom they have chosen.

POSSESSIVES.

Singular: (1) *agu*. (2) *amu*. (3) *ana*.

Plural:

Inclusive: (1) *aga*, *agolu*.

Exclusive: (1) *agami*, *agamelu*.
(2) *agamu*, *agamolu*.
(3) *agera*, *ada*, *adalu*.

Dual:

Inclusive: (1) *agoro*.

Exclusive: (1) *agamere*.
(2) *agamoro*.
(3) *adaro*.

The possessive is used:

1. Of things to eat and drink: *si fangala agu* something for me to eat, *o ngalia amu* take it for your eating, *si doo ana gera priest tafiligera* food for the priests only.

When the sense relates to food in general and not to a particular meal the ordinary personal pronouns are employed as possessives: *si doo ni gwou inau* a drink for me.

2. As meaning, for me, for my part, etc., belonging to, at, with: *geni agu* a wife for me, *nia lea ana* he went his way, *gu ka gele dau go agu* if I but touch, *fuana ngalia fera nia agolu* to get his land for ourselves, *si mamana nia ana* power in himself, his power, *si doo oro agu* I have many things, *e langi ana* not in it, lost, *nia soe agera* he questioned them, *soea satana ana a doo bago* ask so-and-so his name, *nia ledia tasi doo agu* he asked me about something, *ooganga agera* their debt.

3. As the object of a neuter verb (i. e., a verb which does not take a transitive suffix): *gera da qele ana* they marvelled at him, *gu ingo amu* I beseech thee, *dau agu* touch me, *bota ana* blessed is he.

4. With verbs when the object is separated from the verb: *nia bubu tete adalu* he regarded them fixedly, *ka lugatai saufini ana* let him go

Grammar and Vocabulary of the Lau Language: Solomon Islands

secretly, *da bae aisile ana* they spoke scornfully of him: *ala meme gamu* to bite and rend you, is a variant.

5. To express, of, from, among: *ati mwane agamu* what man of you?

6. The forms ending in *lu* denote a restriction in the number of the people concerned.

7. The adverb *afoa* apart is also followed by the possessive: *afoa ana* apart from him.

8. It will be seen that the one possessive in Lau does the work of the three that are used in Sa'a. A Port Adam man asking for a wife at Sa'a and saying *geni ana* (as has happened at times) would be asked whether he wanted to eat her—the Sa'a use being *keni nana*, 'ana being reserved of things to eat.

ADJECTIVES.

1. Words which are qualifying terms may also be used in the form of verbs, but some may be used without verbal particles and follow the qualified word. *Mwane baita* a big man, *mwela tou* a little child.

2. Some words have a form which is used only of adjectives, either of termination or of prefix.

a. Adjectival terminations are: *a*, *la*.

The termination *a* is suffixed to substantives and verbs: *rodo* night, *rorodoa* dark, darkness, cloud; *bulu* to be black, *bubulua* black.

La is suffixed to substantives and verbs: *mwai* a bag, *mwaila* rich, *kobu* to be fat, *kobukobula* fat, whole, big; *tagalo* to be wandering, *tagalola* matted, thick, of forest.

b. Adjectival prefixes are *a*, *ma*, *tata*, *m*. These are all prefixed to verbs.

The *a* is prefixed to verbs to form participles: *luga* to loose, *aluga* loose; *la* to lift up, *alaa* upwards, up.

Ma denotes condition: *lingi* to pour, *malingi* spilled, *ngi* to divide, *mangisingisi* broken, divided, *matala* only, merely; *tefe mwela matala* an only child.

Tata denotes spontaneity: *tatagwelu* headlong.

M as a prefix appears to be used in the word *moi* broken, (Sa'a 'o'i to break, *ma'o'i* broken).

3. Comparison: Degrees of comparison are shown by the use of prepositions or adverbs, or by a simple positive statement. The prepositions used are *fasi* from, *tasa* beyond, in excess. The suffixed pronoun is used with *fasi*, but the possessive is used with *tasa*: *na boso nia baita fasia na asufe* a pig is larger than a rat; *gera baita tasa agera* these are much larger than those.

The adverbs employed are *gele* little, somewhat, *asia* very, too much: *nia baita asia* it is very (too) large.

Grammar and Vocabulary of the Lau Language: Solomon Islands

A positive statement carries comparison by implication: *doo ne nia baita* that is biggest, *sai ai ne ni diena*, *sai ai nena ni taa na* this is good, that is bad; i. e., this is better than that.

VERBS.

Almost any word may be used as a verb by prefixing the verbal particles, but some words are naturally verbs as being the names of actions and not of things. There are also verbs which have special forms as such by means of a prefix or termination. Verbal particles precede the verb; they have a temporal force.

1. The verbal particles are *ka*, *ko*. The particles are written apart from the verb, but the speakers like to join them to the governing pronouns of the first and second persons singular, *gu*, *o*.

Ka is used both of present and of future time: *nia ka bae uri* he speaks thus, *ka urina* if that be so, *tasi doo taa gera ka odea* what will they do? *lelea ka rodo* go till nightfall; the illatives *fi*, *fe*, may be added.

Ko is used only with the personal pronoun, second singular *o*, and may express either present or future time: the illative may be added.

The preposition *fuana* to him, to it, in order that, is used as a subjunctive or optative.

2. Time and Moods: A subjunctive is formed by *ana* if, when, followed by the particle *ka*, or by the use of *saea*.

Conditional affirmation is expressed by *saumala*.

The illatives are *fi* and *fe*, and mean, then, in that case, following upon, just now, for the first time: *ta ka fi uri* then said he, *gami mifi saitamana na tala uta* and how shall we know the way?

Fe as an illative denotes, in that case, following upon; *fe* is also used like *ha'i* in Sa'a, to denote repetition or continuance or restoration: *na abana e fe boeboela lau* his hand was restored whole again, *gera ka fe dao toona* they will certainly reach him, *daru fe lea lau* go they went on again, *da tefe bae ana tesi baela* they all cried out together.

Na is used following the verb to form a preterit: *nia mae na* he is dead. Finality is shown by the use of *sui*: *sui na* it is all finished, *nia kafi dao sui na* when he shall have arrived, *sui nana* it is finished, *sui ta* thereupon, after that.

Grammar and Vocabulary of the Lau Language: Solomon Islands

For the imperative the simple verb is used: *o lea amu* go away; *fasi* may be added for politeness: *lea fasi amu* you go!

3. Negative Particles: The foregoing particles are not used in negative sentences. The negative particles are *langi*, *e langi*, *si*. These may be combined: *nia langi si saea* he does not know it, *e langi mu si rongoa ma e langi mu si saea* you have neither heard it nor seen it, *e langi nau gu si lea* I am not going, *e langi uri ta ai e adasia* no one has seen it, *e langi asia* not at all. The verbal particle *ka* may be used in negative sentences with the addition of *si*, *kasi bobola* it is not fitting. The dehortative and the negative imperative is *fasia*: *fasia oko lea* do not go! *fasia gera ka adasia* let them not see it, *o fasia oko luia* do not forbid it.

Genitives: *ni*, *i* are used to express purpose.

4. Suffixes to verbs: There are certain terminations which, when added to neuter verbs or to verbs active only in a general way, make them definitely transitive or determine their action upon some object. These are of two forms:

a. A consonant with *i*: *fi*, *li*, *mi*, *ni*, *ngi*, *si*, or *i* by itself; e. g. *tau*, *taufi*; *mae*, *maeli*: *ano*, *anomi*; *mou*, *mouni*; *sau*, *saungi*; *ada*, *adasi*; *manatat*, *manatai*; to the verb *taa* to be bad, both *si* and *li* are added and the causative *fa* is prefixed: *fataasi*, *fataali*, to make worse. Certain verbs which are active in Lau are neuter in Sa'a: *angai* to lift, *angaia* lift it, Sa'a *angainia*; *faodo* to straighten, *faodoa* straighten it, Sa'a *ha'aodohie*; *famae* to kill, *famaea*, Sa'a *ha'amaesie*; *famou* to frighten, *famoua*, Sa'a *ha'ama'usie*.

b. The termination *ai* is suffixed by itself to nouns to convert them into verbs, *sato*, *satoai*. When this syllable *ai* is suffixed to verbs the genitive *ni* may be added, and to the form *aini* the consonants *f*, *m*, *ng*, *t*, are prefixed: *oli* to return, *olifaini* to carry back, *ala* to answer, *alamaini* to consent, *sau* to become, *saungaini* to make, *tagala* lost, *tagalangaini* to drive out, *foaa* to pray, *foataini* to pray for. The forms in *ai* are also used intransitively: *tege* to fall, *tegelai* lost, *oli* to turn, *olitai* converted.

The genitive *ni* (cf. M. L., p. 532) is often omitted and is not invariably used as it is in Sa'a, since the form *ai* without the addition of *ni* is transitive: *gonitai* to receive, *gwoutai* or *gwoutaini* to be left alone, *oalangai* to apportion, *fatolamai* to command.

Grammar and Vocabulary of the Lau Language: Solomon Islands

Ani appears to be used by itself as a transitive suffix: *ui* to throw, *uiani* to throw away, *laga* to drive, *lagaani* to drive away, *taba* to strike, *tabaani* to destroy; *ani* is used also with *too* to hit, *tooani* to understand.

With either class of suffixes there is no difference in meaning between one suffix and another.

5. Prefixes to verbs: These are causative and reciprocal.

The causative is *fa*: it may be prefixed to almost any word, and it may be used with words which have a transitive suffix. The use of *fa* frequently obviates the use of a transitive suffix and of itself makes verbs transitive.

The reciprocal is *qai*: generally when *qai* is prefixed to a verb the action of the verb is enlarged and the subject is included. The illative *fe* also marks repetition or restoration or continuance; it is followed by the adverb *lau* again: *na abana e fe boeboela lau* his hand was restored whole.

6. Passive: The passive is expressed by the use of the personal pronoun plural third *gera* or *da*, with the verb and the adverb *na* already: *gera taufia na* it has been washed; *gera* and *da* are used impersonally. The word *saetana* it is said, *sae* to say, is used as a passive: *se doo saetana* the thing said, *si baela ne saetana uri* the word which was said.

7. Auxiliary verbs: *Alu* to put, is used as meaning, to be, to become; *talae*, v. tr. to begin, means also to become; *sau* to make, with the possessive *ana*, *sau ana* to become.

8. Reflexive verb: The word *mara* with suffixed pronoun is used to denote reflexive action: *nia saungia marana*. It also carries the meaning self, of one's own accord: *i bobongi ka manata tetea ana marana* the morrow can take care of itself.

9. Reduplication: Verbs are reduplicated in two ways: (a) by reduplication of the first syllable: *liu*, *liliu*; *bae*, *babae*; (b) by repetition of the whole word: *gwou*, *gwougwou*. There is no difference between the various forms beyond an intensification in meaning. In the vocabulary the reduplicated form is presented under the entry of the stem.

ADVERBS.

There are pure adverbs in Lau, but many words used as adverbs are truly nouns and others are verbs; adjectives may also occur in this employment.

1. Adverbs of place: *mai* here, hither; *go* there, thither, *ne* may be added, gone, also *langi* go, no. *Lo* there, is compounded with *go* and *gi*, *logo* north, west; *se* here, a noun, *i se*, *isena*, here, in this place, *gula* place, a noun: *si gula na* this place, here, *gula i maa* outside. *bali* side, a noun, *bali ne* here, on this side; *i bali jordan i bali logo* on the far side of Jordan; *ifai* where, *gamu mai ifai* whence are you? *tau*, a verb, far off: *alaa* up, south, east, *ilangi*, *ifafo*, up.

2. Adverbs of time: *kada na (ne)*, *manga na*, now; *si manga*, *kademanga*, when, *i kademanga na (ne)*, at the time when; *i angita*, *si manga uta*, when? *inao* of old, in the past; *ua mai inao* from of old; *isingana ne* henceforth: *alua fasi*, *taraina*, presently; *urii* just now; *lau*, *lau go*, again; *oli* back; *na*, *ua na*, already; *ua* yet, still, still left; *ua go i uarodo* while still dark in the early morning; *ua mai ana lua* from the flood, *toongi ua inao* old clothes, *e langi ua* not yet, still wanting; *firi*, *tefou*, always; *too ka tau* forever; *suli dangifiri* daily; *taraina* to-day; *i rogi* yesterday; *maaedangi i fafo* day before yesterday; *bobongi* to-morrow; *taraina lao rodo* to-night; *talae* first; *loulou* quick; *aliali* forthwith; *maasia*, *kade manga*, while.

3. Adverbs of manner: *alafana* as, like, as if; *uri*, *uria*, *sae*, *saea*, that (of quotation); *uri*, *urina*, thus; *e uta* how? *gele* somewhat; *asia* completely, too much; *saumala* granted that; *falaete*, *mamaloni*, only; *ooni* merely; *talai* for no reason; *tefou* together; *afui* altogether (precedes verb); *boro*, *oto*, *otomone*, *tamone*, *bota ana*, perhaps; *mone* gives life, *ba* gives force, to the narrative; *ba* also explains and makes the diction less abrupt; *tasa*, *tasaana*, too much; *faoroa* often.

PREPOSITIONS.

1. Simple prepositions.

Locative, *i*.

Motion to, *fua, isuli, suli*.

Motion from, *fasi, ita*.

Causation, *fafi*.

Position, *fonosi*.

Dative, *fua*.

Instrumental, *ana, ani*.

Relation, *ana, ani, fai, sai, usi*.

Gentive, *ni, i*.

The locative *i* is seen in *ifai* where; it is also largely used with adverbs of place and time and it precedes every name of place. With the exception of the locative, the instrumental, the genitive, and also *ana, ita, usi*, all the foregoing prepositions are used with a suffixed pronoun; *ita* is used with the possessive.

Isuli denotes motion after, motion over: *sulia rodo ma na asua* day and night, *manata suli* to know.

Fafi means, about, concerning, because of, around, on: *gera ogu fafia* they crowded round him, *nia alua abana fafia* he laid his hand on him, *lau fafi* to rescue, *fafi taa* what about, why; *fuana* in order that, *mae fuana* to die to his disadvantage, *soe ledia fuana* question him about it, *bae fuana* forbid him, *fuana taa* wherefore?

Of the two instrumental prepositions *ana* is the one in more general use, its meaning is with: *doo gera saungia ana* the thing they killed him with. *Ana* appears to denote the actual instrument, *ani* the method of action; *ani* may be translated withal. When the noun denoting the instrument is not preceded by an article or when the noun is used in a general sense, *ani* is used in the place of *ana*: *suu fafia ani taa* to clothe himself with what? *lea ani ola* to go by canoe.

The pronoun *a* may be suffixed to *ani*; *tasi doo gera qaifamanatai ania* the thing they taught withal; *ka modea na toongi ua inao ania* to mend the old garment withal.

Grammar and Vocabulary of the Lau Language: Solomon Islands

Ana also denotes at, in, place where, among: *luma ana foaa* (*luma ni foaa*) a house of prayer, *kakao ana ano* an earthen vessel, *nia liu ana ta maaedangi* he went on a certain day, *tani ai ana aigi* some of the people, *nia saea ana satana* he called him by his name, *o ngalia ana ati* from whom did you get it? *lea ana fera* to go into the country. *Ani* is used as meaning in, *e langi ani nau* there is nothing in me, *gera ote gera ani nau* they will have nothing to do with me.

Fai means with: *fai oe* with thee, *qaimani fai* to help, *oko gaimani fainau* you help me. The genitive *ni* may be added, *lea fainia* go with him; *fainia* moreover, and.

Sia means at, at home, and always has the suffixed pronoun. By the ordinary Melanesian idiom place at comes to be used of motion to: *siagamelu chez nous*, *siena ere* beside the fire, *lea mai siegu* come here to me. *Usi* means over, on behalf of, for: *gera ngisu usia* they spat on him, *na captain usia na too* a captain over the people, *na taba olisia usia na aigi* a redemption for the people.

The genitives have been dealt with under nouns: *i* is in most general use, both are used to express purpose, and *ni* also denotes for, belonging to: *fasia muka manata ni bae uri* think not to say thus, *gera mou ni oli* they feared to return, *ka ote nia ni rosuli* he is tired of obeying.

2. Compound prepositions.

Some of these are nouns used with the locative; the pronoun is suffixed as the actual object or as the anticipatory object when a noun follows: *i fafo* above, *i fara* beneath, *i lao* within. The locative need not be used with *lao*: *lao rodo* in the night, *lao tala* in the path, *lao salo* in the sky. Some are constructed from verbal nouns to which the suffixed pronoun is always added: *fonosia* in front of him, *nia initoo fonosi gera* he ruled over them, *fonosi taa* to meet what? for what purpose? Certain verbs are used as prepositions: *maasi* to await, *garangi* to be near.

CONJUNCTIONS.

Copulative, *ma*.

Adversative, *ta, ma ta*

Connective, *ta*.

Disjunctive, *langi, langi fa, ma langi, ma ka langi*.

Conditional, *ana, ma ana, saea*. Illative, *fi fe*.

A mark of quotation is *saea, uri*. Neither, nor, is expressed by a negative followed by *ma*. Until is *dao ana, lea dao ana*.

NUMERALS.

The numerical system is decimal. All numbers over the tens are expressed in tens.

1. Cardinals.

1. *eta, ta, te*.

2. *e rua, ro*.

3. *e olu*.

4. *e fai*.

5. *e lima*.

6. *e ono*.

7. *e qalu*.

8. *e fiu*.

9. *e siqa*.

10. *e tangafulu, aqala*.

In numbers other than *eta* the initial *e* is omitted in quick counting. In composition one is *ta*, two is *ro*, *te* generally means only: *rua* is reduplicated into *ruarua, tau ruarua* equidistant.

The prefix *too* forms distributives: *too ro doo* two things at a time. *Nima* is used as well as *lima* for five. Though *qalu* eight, appears in the translations as used of an indefinite number it is doubtful whether such use is correct. *Tangafulu* is the tenth of a series; *aqala* is used for ten denoting a unit, *aqala fono* a full ten.

To express units above ten *mana* is employed: *aqala mana fai* fourteen.

Grammar and Vocabulary of the Lau Language: Solomon Islands

One hundred is *tangalau*: *tangale doo* one hundred things. The sum above the hundred is expressed by *mana*: *tangalau fai aqala mana fai* one hundred and forty-four. One thousand is *too*.

2. Ordinals.

The cardinals with a substantival ending *na* form ordinals.

First, <i>etana</i> .	Fourth, <i>faina</i> .	Seventh, <i>fiuna</i> .
Second, <i>ruana</i> .	Fifth, <i>limana</i> .	Eighth, <i>qaluna</i> .
Third, <i>oluna</i> .	Sixth, <i>onona</i> .	Ninth, <i>siqana</i> .

Ordinals precede the noun: *ruana na mwane* the second man.

Ordinals are used to express the number of times: *eruana lau nia lea go* he went away the second time.

Ruana also means fellow: *na ruana gera* their fellows.

Tenth is expressed by *tangafulu ana*: *aqala maaedangi mana ruana* the twelfth day, *tangalau ro aqala mana etana* one hundred and twenty-first.

Efita how many, is used with the substantival termination *na*: *efitana* what number?

3. Multiplicatives.

The article *fe* is employed to form multiplicatives: *guka fai fe olila* I shall return four times, *sasigu ka fita fe ode doo taala fuagu* how often shall my brother harm me? *tafe* once.

The causative *fa* does not make multiplicatives except in the case of *faoroa* often.

EXCLAMATIONS.

Iu, iuka, assent. *Oto mone* is that so? *Ne* is used in questions, *ati ne satamu* what is your name? *na mwela a Joseph e langi ne* Is He not the son of Joseph? *Aia* sums up, so there, well then! *Oimae* alas! The noun *ai*, person, is added to proper names to call attention, *Joe ai* hey, Joe!

LAU VOCABULARY

A.

a 1, personal article: used with the names of males, both native and foreign, *a Masuraa*, *a Luke*; is used also with *doo*, thing, *a doo* So-and-So, *a doo na*, the person; is seen also in *ati* who? In usage it corresponds to the *i* of Mota and Malagasy. Cf. S. *a*.

a 2, termination of the verbal noun: attached to verb, *angi* to cry, *angia* a cry, *fanga* to eat, *fangaa* a feast; added to compounds *girigiri lifoa*, gnashing of teeth.

a 3, pers. pron. sing. 3. suffixed to verbs as object, and to prepositions as anticipatory object and used both of persons and things: him, her, it. S. *a*.

a 4, stem to which the pronouns *gu*, *mu*, *na*, etc. are suffixed in forming the possessive. S. *a*.

a 5, prefix of condition making participles: *luga* to loose, *aluga* loosened. S. 'a.

a 6, adj. term, suffixed to nouns and verbs *rodo*, night, *rorodoa*, belonging to darkness, *bulu*, to be black, *bubulua*, black. S. *a*.

a 7, exclam. negative; don't

aba (*gu*) n., hand, arm, part, leaf: *fuli abae ai*, men's handiwork. S. *apa*.

abaa n., staff. S. *apaa*.

abalolo a banyan tree. S. 'apalolo.

abasua adj. afraid of, silent out of respect for a person.

abatoo v, i. to be barren, of women.

abolo n., a piece: *abole ai*, a beam. S. *polo*.

abu (*gu*) n., blood: *abu rakaraka*, an issue of blood. S. 'apu.

Grammar and Vocabulary of the Lau Language: Solomon Islands

abua adj., red.

abu 2. v. i. to be forbidden, taboo: *abu rongu*, to be unwilling to hear. S. 'apu.

abulo partic., turned round: *abulo fasi*, to face towards,

abuloa v. n. a turning round. S. *apulo*.

abusu v. i. to be filled, satiated.

abusua v. n. satiety.

ada 1. v. i. to see, to awake.

ada filo to perceive; *ada fua*, to choose; *ada sae tamana*, to recognize; *ada too*, to succeed in finding.

adala, v. n. sight, seeing.

adasi, v. tr. to see. *faada*.

ada 2. poss. pl. 3, among them, for them, for their part, theirs (of things to eat), used also as obj. to neut. verb; *tani aiai ada*, some of them. S. 'ada.

Adagege artificial islet next to Ferasubua going north.

adalu poss. pl. 3, as *ada*, but more restricted in application.

adaro poss. dual. 3. Cf. *ada* 2.

ade v. tr. to do, to make; of disease, to be prostrated by *si maea e adea*, he was sick; *ade au*, to play on a bamboo flute; *ade doo*, to worship; *ade doola*, worship.

adi v. tr. to taboo, to place one's mark upon, S. *adi*.

ado, *adomi*, v. tr. to serve, to wait upon, to furnish with food, to worship.

ae (*gu*) 1. n. foot, leg; *lado ae*, to follow; *aena*, because of, *aena falisi*, lord of the garden; *ae i fera*, a householder; *ae mwane*, chief man. S. 'ae.

Grammar and Vocabulary of the Lau Language: Solomon Islands

ae 2. exclam. ah! ; used also in summing up.

afa 1. v. i. to cut, to incise, to mark by cutting. S. *aha*.

afa 2. an eagle. S. *hada*.

afe 1. woman, wife; *si afe nau*, my wife.

afe 2. v. tr. to direct, to guide, S. 'ahe.

afe, *afeafe* 3. n. foam, waves; *na afe*, surf. S. *ahē*.

afedali; *matai afedali*, to be in a fever. S. *madali*, wet with perspiration.

afetai partic., difficult; *bae afetai*, to take an oath.

afoa partic. apart, separate. S. *ahoa*.

afu v. tr. to wrap up, to hide. S. *ahu*.

afui partic. precedes verb, altogether. S. *ahu'i* 4.

afuta- (*gu*) n. all; *afutana*, all of it; *afutagamere*, both of us. S. *ahuta*.

aga poss. pl. 1. among us, for us, for our part, ours (of things to eat), used also as obj. with neuter verbs. S. *aka*.

agalimae a spirit, a ghost.

agalo a ghost; *qaife agalo*, a witch doctor. S. 'akalo.

agamelu poss. pl. 1. excl. for us, for our part, among us, us (obj).

agamere poss. dual, excl. for us two, among us two, us two (obj.)

agamolu poss. pl. 2. for you, among you, you (obj.).

agamere poss. dual, excl. for us two, among us two, us two (obj.).

agamolu poss. pl. 2. for you, among you, you (obj.).

agamu poss. pl. 2. for you, among you, for your part, you (obj.); *ati mwane agamu*, what man among you?

Grammar and Vocabulary of the Lau Language: Solomon Islands

agani v. tr. to pluck out. S. *akani*.

agau to be ready. S. *akau*.

age; *age reresi*, a lily. *Crinum asiaticum*.

agera poss. pl. 3. for them, among them, them (obj.).

ago, *agoago*, 1. v. i. to be hot, to shrivel up; *manata agoago*, to be zealous; 2. n. *si agoago* heat.

agofi v. tr. to cause to be hot.

agolu poss. pl. 1. more restricted in meaning than *aga*.

agoro poss. dual. 1. incl. for us two, of us two, us two (obj.).

agu poss. sing. 1. for me, for my part, me (obj.).

ai, *aiiai*, 1. n. a person, kindred, you (voc.) *Joe, ai*, I say, Joe! *mwela ai*, Hey, you! *ai ana fera nau*, my neighbour; *ai salaa*, a stranger; *James ai tou*, James the Less; *ogule ai*, a company; *too te ai*, a few; *te ai gone*, only one, *aiiai* is used as a relative pronoun, the one, that, or as a plural, *tani aiiai*, everybody; *tani fufue aiiai*, some seeds. Compounded with *sai*; *saiiai ne*, that which. Mota *gai*.

ai 2. n. a tree; *ai rarafolo*, a cross. S. *ai*.

ai 3. *ai lado*, to graft.

ai 4. trans. suffix to verb; *sato*, *satoai*.

aia 1. sister, female relations; used with art. *ni* for sing., *ote* for pl.

aia 2. exclam. Hey! well then!

aini trans. suffix to verb. S. *aini*.

ainitalongaini v. tr. to proclaim. S. *talonga'ini*.

ala 1. v. i. to answer; *alagwau*, to nod the head in affirmation.

alamai v. i. to answer.

Grammar and Vocabulary of the Lau Language: Solomon Islands

alamaini v. tr. to obey, to take notice of. S. *ala*.

ala 2. v. tr. to bite; *ala meme*, to bite and rend; *ala tagalaa*, to feed promiscuously (of animals). S. *ala*.

ala, alaala 3. v. i. to set a net; *ala fafi*, to surround, to catch. *alasi* v. tr. to lie in wait for. S. *ala*.

alaa adv. up; of direction, southeast S. 'ala'a.

alafana adv. like, just as. Cf. S. *alihana*.

alange; alange gwou, to nod the head in affirmation. *ala*. 1.

aliali forthwith.

aliburi (na) v. tr. to shorten, curtail.

alida v. i. to journey by sea. S. *alide*.

alidea v. n.

alifi v. tr. to lament.

alifooa n. blood money.

alinga (gu) n. ear; *alinga bungu*, deaf. S. 'alinge.

alitafu n. a dung heap, refuse. S. *alitehu*.

alofi v. tr. to shake off.
