

(U//FOUO) It's No Deception: Nominations Sought for D&D Awards

FROM: [REDACTED]
Intelligence Security Issues (S02L3)
Run Date: 04/13/2005

(U//FOUO) In the past year have you, individually or working with a team, contributed to efforts identifying adversarial use of Denial & Deception (D&D) tactics to thwart the SIGINT system? If so, then you may be eligible for a **prestigious Intelligence Community award** recognizing such efforts. You are invited to **submit nominations** for the Foreign Denial and Deception Committee's tenth annual D&D awards. Presentations will be made at the D&D awards ceremony scheduled for 26 October 2005 in the CIA Headquarters Auditorium.

(U//FOUO) The ceremony will be held at the SECRET/NOFORN level. Last year over 100 government and contractor individuals, teams, and units from within the Intelligence Community were recognized. It is certain that this year, as in years past, there are many award candidates here at NSA.

(U//FOUO) The awards are intended to cover work substantially completed from June 2004 to the present. The type of accomplishments recognized can vary greatly. Principally, nominees must have developed a successful strategy or program to overcome adversarial denial and deception efforts in the areas of: analysis, collection, research and development, training and education, or counterintelligence and security. Anyone is welcome to submit a nomination for an individual or team effort.

(U) Please go to S02L3's Denial & Deception web page to find all appropriate instructions and forms for application at:

[REDACTED]

(U//FOUO) PLEASE E-MAIL THE FORM WITH YOUR WRITE-UP **BY 13 MAY** TO DL_S02L3_ALL. If you have any problems opening the forms on the D&D website, please do not hesitate to contact us, and we can e-mail you the appropriate documents. Questions should be addressed to SID's D&D Staff Directors, [REDACTED] or [REDACTED] at [REDACTED]
