

(U) Preparations for 2005 SIGINT Development Conference in Full Swing

FROM: [REDACTED]
SIGDEV Strategy and Governance (SSG)
Run Date: 05/27/2005

(U//FOUO) In less than two weeks, SIGINT Development experts from across the 5-Eyes community will gather at the annual SIGINT Development Conference (6-10 June). To date, over 660 people have registered to attend some of the more than 120 presentations, demonstrations, sidebars and tours.

(U//FOUO) If you haven't visited the conference website recently, we strongly encourage you to do so. There have been extra briefings added, so you'll want to make sure you've updated your selections. We're hoping that people will fine-tune (add or delete) their selections so we can adequately size conference rooms. By clicking on the "personal agenda" link from the menu on the left side of the [conference webpage](#), you can view your personal itinerary for the week! This feature will allow you to identify any conflicts, so you're able to easily decide which event you would like to attend.

(U) If for some reason you can no longer attend the conference, please be sure to withdraw using the "update personal information" link from the conference webpage.

(U) Plan to attend -- you don't want to miss this exciting event!
