A brief abstract of the planned presentation is below:

TOPIC:

(C//REL) This Brown Bag presentation will highlight recent changes made to the TAREX program that are enabling it to better respond to SIGDEV requirements. The discussion will include a history of the program, its current status, and a brief overview of the TAREX Transformation Strategy. It will also cover the types of information from Iraq, Afghanistan and other areas that TAREX is currently providing SIGDEV analysts. By the end of the briefing you will have a good understanding of what TAREX has to offer you as a SIGDEV analyst and how to submit requirements to TAREX.
