

(U//FOUO) What's the Policy on Posting NSA Information on Intelink?

FROM: [REDACTED]
SIGINT Policy (S02L1)
Run Date: 03/20/2006

(U//FOUO) Have you ever wondered how SIGINT and other NSA/CSS information should be disseminated via Intelink? Now there is updated, authoritative guidance to help you!

(U//FOUO) DIRNSA signed NSA/CSS Policy 1-44, "*Use of Intelink for Dissemination of Cryptologic Information*," on 14 March 2006. This policy establishes guidelines for all Intelink producers and clients posting cryptologic information -- replacing both NSA Circular 101-1 and USSID 10, both of which have been/are being cancelled. SID has been designated the NSA/CSS authority for management of Intelink information.

(U) To view this policy in its entirety, please click on the URL below:
