(U//FOUO) SIGINT Development Strategy and Governance (SSG) is pleased to announce another brown bag discussion focused on SIGINT Development topics of interest. We believe these sessions will be of interest to those who are working in SIGINT Development, or who are interested in learning more about NSA's SIGINT Development activities.

(U) A brief **abstract** of the planned presentation is below:

(S//SI) Ever wonder how you are able to do call chaining and social networking? Have you ever wondered how tools such as BANYAN and MAINWAY are able to make the correlations needed for your analysis? This Brown Bag seminar will take a look behind the curtain of number NORMALIZATION! We'll also tell you about TAC's newest Division: the Metadata Quality and Discovery (MQD) Division recently established to focus resources on the DNR and DNI contact event normalization challenge. Please plan to attend to learn more!

(U//FOUO) This brown bag session is classified TOP SECRET//COMINT//X1.
